SOUTH CAROLINA "CODE."

Governor Thompson of South Carolina, whose independence in resisting the pressure of office-seekers and their friends we commented upon last January, says the *Nation*, has recently shown himself a reformer in another direction. His private secretary and the Secretary of State had lately a quarrel, which led to blows, about an accusation made by the latter concerning a Mr. Gonzales, a friend of the former. The Governor, apprehending a serious difficulty between Gonzales and the Secretary of State when the full account of the altercation should become known, immediately endeavored to pledge the two to an observance of the peace. Mr. Gonzales, refusing to promise that he would "pursue the matter no further," was promptly put under bond by a trial justice upon the application of the Governor. At the hearing of the case it appeared that Governor Thompson had no knowledge of an impending difficulty. He had only heard that it was the intention of Gonzales to denounce the Secretary of State for his offensive language, and he believed, from his "knowledge of both of them," that a serious breach of the peace would be the result. We do not know of a more simple and effective mode of diminishing the number of homicides in the Southern States than that employed by Governor Thompson. In a community where the giving of the lie, or the using of any offensive language to another, is followed generally by a breach of the peace, the party denouncing and the party denounced should be at once put under bond before they have had an opportunity to get at each other and cast gloom over the neighborhood. To this end we suggest the establishment in the South of societies for the prevention of homicide, whose members shall on all similar occasions act as Governor Thompson has just done. At present, in the South (we quote from the *Charleston News and Courier*), "the average citizen does not consider it his business to prevent a personal encounter, and will no more interfere with it or impede it than he would in the case of a dog in the gutter. The common feeling is, that each one must look to his own strength and skill for redress and protection."

A LITTLE OFF.

At \$16,000 per mile, the assessment of the Central Pacific is from 25 to 50 per cent lower in Washoe than in any other county at \$10,000 or \$12,000, by reason of Washoe's rate being so much less than that of the others, the total State and county being but \$1.80 on each \$100, of which 90 cents is for the State and 90 cents for the county. —*Reno Journal*.

The *Journal* should be more careful in making calculations. The present rate of taxation for State and county purposes is \$2 on each \$100 instead of \$1.80, and 50 cents is to be added to that for town purposes. The tax levy for this year was as follows:

State fund.....	.90
Indigent fund.....	.10
Contingent fund.....	.05
General road fund.....	.15
General school fund.....	.35
General fund.....	.35
Reno bridge fund.....	.05
Wadsworth bridge fund.....	.05
State and county.....	2.00
Reno school district.....	.25
Reno incorporation.....	.25
Total for Reno.....	2.50

—Two ladies, 70 and 75 years of age, were killed at Trenton New Jersey, yesterday, by a passing train, while walking on the track.

—Near Oswego, N. Y., Captain John Allen was knocked overboard from his schooner, when his son jumped into the water to save him, and both were drowned.

—The French officials, as well as the Parisian press, are greatly chagrined at the outrage upon the King of Spain by a French mob. Alfonso does not appear to be frightened, as he publicly attended mass.

EASTERN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

Archbishop Purcell's Estate.

CINCINNATI, October 1.

The Hamilton county District Court, composed of Judges Johnston, Smith and Moore, this afternoon decided the case of J. B. Maulx, assignee, vs. J. B. Purcell and others, which was an action of the assignee to have a judgment of the Court as to the liability of the Diocesan Church and to pay the debts of the late Archbishop Purcell. The case is one of great magnitude. The opinion delivered by Judge Smith, beginning at 2 o'clock, occupied nearly three hours. Out of nearly 200 pieces of property held by the Archbishop, there were selected for trial, as being representative of all nine of these were churches, and the others were the Cathedral, including, the Archbishop's residences and school, seminary at Cumminsville, the orphan asylum and St. Joseph's cemetery. The Court found that in the case of the churches, though little was in fee simple in Archbishop Purcell, yet they were buildings from the money raised by the members of the different congregations, and that the title was in the Archbishop, by reason of the rules of the church, which, in such a case as this, the Court is bound to regard. That the Archbishop held the title only as a trustee for the uses of the congregation, and that property so held could not be subjected to the payment of the debts of the Archbishop.

In the case of one church, the majority of the Court found that the evidence showed, as the Archbishop has advanced some money, that the church was liable for that amount to the assignees. As to the cathedral, and cathedral school built by the Archbishop directly from the funds placed in his hands, except about \$60,000 raised by subscriptions, the Court held that though the Archbishop held the property in trust, as he did other churches, yet, as to the extent of the amount he advanced, the assignee was entitled to recover with interest for the benefit of the creditors. The Orphan Asylum, at Cumminsville, was also declared a trust not subject to sale, and the mortgage given by Archbishop Purcell on it to secure a creditor, was declared of no binding force. The same view was taken as to St. Mary's cemetery, with an order for the reference to the master to ascertain if the Archbishop made advances to this property. As to the cemetery, majority held that they were not dedicated to the public, that consideration did not amount to dedication, and that such portions as are not now sold for burial lots, could be sold for the benefit of the creditors. Judge Johnston dissented as referring the two pieces of property to the master for an account, and dissented wholly from the view that the cemeteries were not dedicated to the public and held in trust by the Archbishop.

Suit For Damages.

New York, October 2.

A Montreal dispatch says the name of the party who sued the proprietor of the Windsor House for \$50,000 for defamation of character and her summary removal from the hotel, is Miss Florence Lent. She is the daughter of Philip Lent, a brick contractor in Brooklyn; she is an only daughter, and has three brothers; one, Louis Lent, a grain merchant in New York, is assisting her in prosecuting the hotel proprietor. A number of well-known gentlemen friends of the young lady maintain that she has been treated in a most outrageous manner and are confident she will receive the damages asked. On the other hand, the proprietors of the hotel say they acted with the utmost caution and discretion in the matter and do not fear the result. The trial of course promises startling results. Miss Lent has been admitted considerably to fashionable society in Montreal and the announcement of the alleged improprieties cause a decided sensation. Miss Lent is said to be engaged to a gentleman in Chicago.

Serious Illness of Gen. Hancock.

New York, October 1.

The *World's* Washington correspondent says: An officer just returned from General Hancock's staff said to me to-day: "Hancock is in a very serious condition. The public have no idea how ill he is. I do not believe he will ever be a well man again. The trouble with the knee, which has been mentioned as the reason for his confinement, is not the real one. Hancock has kidney trouble. He has lived well, and during the latter part of his life has taken very little exercise. During the past six months the kidney disease has developed and his blood has become deteriorated. The injury of his knee is very slow in healing, on account of the impoverished condition of his blood. While his friends hope for the best they fear the worst."

—Benjamin Wilson, colored, was shot while fleeing from Charles McCulloch's hotel in Bridgeport, Pennsylvania, which he and others attempted to rob. Wilson escaped home and died in bed from his wounds.

WESTERN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

A Millionaire in Trouble.

DENVER, October 1.

The arrest in Chicago on Saturday, of Frank R. Sherwin of New Mexico, created a considerable stir in this city. Sherwin is well known in this section as one of the millionaires of the west, and is the head of one of the largest stock raising companies on the continent. The circumstances which lead to his arrest, as understood here, are as follows: In 1876 Maxwell was sent to Florida by the Republican National Committee, in the interest of Hayes, and beyond doubt, the Republican victory in Florida was largely due to Sherwin's efforts. He was soon after appointed Pool Commissioner of several railroads in that State, one of which was on the verge of bankruptcy. Sherwin associated himself with a syndicate of New York bankers and purchased the mortgage, bonds, foreclosed and took possession. After the lapse of several months, the original holders of the bonds made the discovery that included in the original franchise of the road, was large tracts known as Seminole Indian lands, which Sherwin's party subsequently sold, together with the road, and pocketed large profits. It appears the original owners of the road have repeatedly sought to recover, without success, the value of the lands, upon what grounds does not appear. Sherwin's recent sale of his interest in the Maxwell land grant of the Southern Colorado and Northern New Mexico, for \$750,000 has probably furnished the incentive for the present proceeding against him. He recently married the daughter of ex-Governor Gilpin of this city.

An Important Suit Settled.

STOCKTON, October 1.

By a unanimous vote to-day, the following was adopted by the Supervisors: Whereas, the Central Pacific Railroad Company has offered to compromise and settle the claim of the county of San Joaquin, which is the basis of a suit entitled, "The County of San Joaquin vs. the Central Pacific Railroad Company, et al.," now pending in the Supreme Court of California, by surrendering to said county the bonds for \$100,000 with accrued interest thereon, and the payment to said county of the sum of \$300,000, gold coin, resolved that the said offer be, and the same is hereby accepted.

A HOME DRUGGIST TESTIFIES.

Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approbation in its own city, state, and country, and among all people, as

Ayer's Sarsaparilla.

The following letter from one of our best-known Massachusetts Druggists should be of interest to every sufferer:—

RHEUMATISM. "Eight years ago I was afflicted with an attack of Rheumatism, so severe that I could not move from the bed, or rise without help. I tried several remedies, but without much if any relief, until I took AYER'S SARSAPARILLA, by the use of two bottles of which I was completely cured. I have since sold large quantities of your Sarsaparilla, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public. K. F. HARRIS, River St., Buckland, Mass., May 16, 1882."

SALT RHEUM. GEORGE ANDREWS, overseer in the Lowell Carpet Corporation, "as for over twenty years before his removal to Lowell afflicted with Salt Rheum, in its worst form. His ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by AYER'S SARSAPARILLA. See certificate in Ayer's Manual for 1883."

Sheet music at Nasby's, 27 Commercial Row. Thermometer at 7-9-11-1-3-41, 45, 44, 44.

The snow in sight on the hills today shows that the Reno boy who received the new sled from below this morning came pretty near guessing the time to buy.

The Peavine mountains and those southeast of town were white with snow this morning, while the valley received a much needed wetting. The rain makes the farmers jubilant.

Sitting Bull's quandary between the church and his prettiest squaw, was nothing compared to the perplexity of a Washoe Indian when trying to select a winter shirt from the endless stock of cold weather clothing he seen at the White House on Commercial Row.

The man who said that the conversion of an Indian to Christianity is about as doubtful a subject of speculation as the genuineness of a dollar watch-chain, or the worth of a grocery store egg, did not refer to the kind of a store kept by A. Lindley & Co., for all their goods are just what they are represented to be.

Why do you try to eat that thick greasy stuff when by going to J. K. Everett's you can get the nicest, sweetest breakfast bacon you ever tasted at a less price than you are paying for an inferior article? "The model family grocery store," is what everybody says who has seen the inside of Everett's place of business.

It is said that the reason why Sara Bernhardt can simulate so perfectly an expression of torture in her face, is that she always has a glass of sham pain before she goes on the stage for harrowing scenes, but people who buy their champagne at the Wine House are not subject to any such contortions of countenance.

Some one has said that a man who has his crooked ways vented by the papers, finds he can't stand the press, but George Becker has proven that he can stand the pressure of all the importations the outside brewers can ring in on him, for his Pacific Brewery beer has gained a reputation that cannot be impaired.

A San Francisco paper says that a beggar was arrested in that city last week with fifteen dollars in his pocket; had he come to Reno and bought a suit of clothes at the White House, he might and probably would have been a member of the next Legislature, provided he would agree to vote for the right man for the United States Senate.

Knowles & Bainbridge's store has had a visible effect on the happiness and prosperity of this section of the country. They sell the best stoves and wares, and nothing saves time and profanity like a good stove. The farmer who has all his men come in to dinner to find the stove smoking and the meal ruined gets poor work that afternoon.

The Madagascar difficulty, the Tongva affair and the insults offered the King of Spain, have had a disturbing effect upon the French nation, but that does not prove that a Frenchman does not know how to conduct the eating department of the Palace Hotel, where the best of everything in the market can be had, served up in the highest style of art.

Had the eastern visitor to the Conclave who tried to eat a green pepper at the Palace Hotel in San Francisco, been able to have held of a schooner of J. J. Becker's Fredericksburg beer he would have soon forgotten his torment, and would have finished his meal on Boston baked beans and other good things always to be found at the best beer saloon in the State.

That show window in the front of S. M. Jamison's dry goods store continues to be the attraction on Commercial Row. It is safe to say that no such display has ever before been seen on this side the mountains. Manager Roff and his accomplished lady assistants are entitled to credit for the tastefully arranged exhibition. An examination of the stock in the body of the building will satisfy you that their best goods are not all in the window.

Wood for the Engines.
The woodmen on the Truckee have got out about 50,000 cords for the railroad this year. Sisson-Walace cut 15,000; Ellen, 10,000; Lowry, 3,000; Champion Bros., 3,000; Wicks, at Bronco, 4,000; J. R. Stone, 3,000; McDonald, 4,000; and the China companies and small contractors the rest. Prices were from \$3.50 to \$4 a cord.

Many who never complain are nevertheless seriously ill. Use Brown's Iron Bitters and there will be no cause of complaint.

Discharged.
The Chinaman, Quock Shong, who was arrested in Truckee on suspicion that he set the recent fire in Wadsworth, upon an examination before the Justice, was discharged and arrived in Reno today. He is evidently a tough fellow, as the Chinese are all anxious for him to leave this part of the country.

SCHOOLING'S SNIP.

How Elvira Evans and W. R. Chamberlain Practiced a Few Jokes on Senator Schooling.

Alvaro Evans and W. R. Chamberlain went up to the Water Company's reservoir, Saturday, thinking they might get a shot at some wild ducks, and seeing a flock of birds on the water, Chamberlain fired, killing four mud-bens. "What shall we do with them?" enquired Evans, on the way home. "Here comes Schooling, give them to him," replied Chamberlain. "Let us tell him they are snipe," suggested Evans, as they met Schooling. "Jerry," asked Chamberlain, "don't you want a mess of snipe?" at the same time handing him the four mud-bens. "Yes," replied Mr. S., "if there is anything I do like it is snipe," as he took them with profuse thanks and started home. Taking them to the cook he gave instructions how to have them prepared, thinking how delighted his family would be when dinner time came. Jerry went home a little earlier than usual to see how the snipe were getting on, and going to the kitchen he enquired of Charley, the cook, how the snipe were doing. "I think they are belly tough," he belly bladed small, too," replied the China boy. "They are very nice when properly cooked; I guess they will be good," replied Mr. Schooling, as he returned to the parlor to read the EVENING GAZETTE. When the family gathered about the dinner table a half-hour later and each member of the family was served, Jerry was a little crest-fallen when he heard Mrs. Schooling ask Charley what in the world he had been cooking. "Him snipe," replied Charley, "him belly tough when properly cooked." When Mrs. Schooling ordered him to take the dish away and bring on the roast, Jerry's explanation followed, but it was no go, none of the family wanted snipe, and Mrs. Schooling expressed a doubt as to whether the birds were snipe, and intimated that they might be mud-bens. The Senator left the table, but as Evans had gone to Susanville and Chamberlain could not be found, nothing has been done; but don't offer Schooling any more snipe this week.

The Ice Business.

A. G. Bill of San Francisco, the secretary of the Peoples Ice Co., was at the works at Cuba, yesterday. He said this year ought to have been the best ice year the companies ever had, because more ice was sold than ever before. Over 20,000 tons have been sold, about half of which was machine-made ice. The companies have all been fighting, and ice has sold all Summer for \$5 a ton. Of course the mountain companies cannot live at any such price, for they pay \$5 for freight alone. They are trying to get the railroad company to stand in and put freight down so they can give the machines a battle for the San Francisco business.

Taken Steps to Collect an old Claim.

The Board of Commissioners yesterday ordered District Attorney Alexander to do whatever may be deemed necessary to prove up the claim the County Treasurer holds against the late Reno Savings Bank, under the decision in the suit of Thompson vs. Lake and the Reno Savings Bank, it appearing that plaintiff has obtained judgment against Lake and that the judgment sets forth that all claims against the Reno Savings Bank may come pro rata. The county's claim is in the nature of a certificate of deposit in the amount of about \$2,000.

Washoe county still owes \$12,000 on the Reno and Verdi bridges, \$2,000 of which will be cancelled Jan. 1st.

PERSONAL.

John Lee of Wadsworth went below yesterday to buy goods.

Judge and Mrs. Webster went to Truckee yesterday to attend Conference and hear Bishop Warren preach. The Bishop is a very able man.

J. P. Stone, of the Pacific Shingle Co., came in from Salt Lake. He says Utah lumber is interfering a good deal with the Truckee trade in Salt Lake.

S. Jacobs, the tailor, went below yesterday for a new stock of goods. He will get hats, furnishing goods of the latest styles and the best in the market.

F. C. Plumb, conductor on the C. P., sprained his foot at Lovelocks, a couple of weeks ago. He came to Reno for treatment and has been getting worse. He went to the hospital at Sacramento yesterday.

SENATOR SHARON.

He is the Victim of Another Interview.

Ex-Senator William Sharon was a passenger on the west-bound overland train yesterday. He seemed to be in the best of health and spirits, looking as well in the face and as vigorous in manner, as he has for years. A GAZETTE reporter said:

"Senator, you seem to have been interviewed considerably during your trip."

He said, "Yes, and generally about things that I know very little about."

"One paper said you stated that you had no faith in the lower levels of the Comstock shaft; did not pay to go 3,000 feet deep for silver. Was he correct?"

"I lost confidence a good while ago in the deep levels. The right stringers and feeders are not there and there is nothing to indicate any bonanzas. We have a good deal of good milling ore near the surface in Jacket, Norcross, Belcher and Crown Point, but haven't been able to run the mills on account of lack of water."

R. "Some one recently reported in Nevada that you or Mr. Mackay, or both, thought of making a fight for the United States Senatorship as a Democrat. Did you see that?"

S. "No. I haven't heard of that; of course it is absurd."

R. "Do you know of any opposition Senator Jones will have as his own successor?"

S. "No, not on the Republican side, if he can hold the Republican party together and secure a majority. His danger may be from a United Democracy."

R. "Did you hear much talk about politics in the East?"

S. "Yes, they are having a very fine fight in Ohio. Foraker will be a big man if he wins, but he is not a Garfield. They are looking to the Central States for Presidential timber. If Edmunds or Conkling were from Ohio, Indiana or Illinois, they would win. It is early yet and there may be great changes."

R. "When do you expect to be in Nevada, Mr. Sharon?"

S. "I want to come soon and go down on the Carson & Colorado, but cannot tell just when I will be there."

Stoddard Sustained.

B. F. Leete appeared before the Commissioners yesterday and asked that the Orr Water Ditch Co's property be stricken from the assessment roll, taking the ground that its assessment was double taxation: holding that as the land irrigated from the ditch was worthless without the water and the land having been valued by the Assessor for taxable purposes at a greater sum than it would have been without the ditch. The property was assessed at \$6,200. The Board after a careful investigation of the matter, allowed the assessment as returned by Assessor Stoddard. Commissioner Frey inclining to the opinion that the assessment was unjust, did not vote on the question.

Long Run.

D. W. Lawlor, one of the old-time baggage men of the Central Pacific, came back yesterday from a trip he made with the baggage car of the Atlantic Club of St. Knights. He made the run from San Francisco right through to Washington, and was on duty all the time. It was the longest run on record. They stopped everywhere, and were 30 days going.

October Eclipses.

Two eclipses will occur this month. On the evening of October 15th, about 8:30 o'clock, there will be a partial eclipse of the moon, visible on this coast. On the afternoon of October 30th there will be an annular eclipse of the sun, also visible as a partial eclipse on this coast.

SUSANVILLE ITEMS.

The good Effects of the Rain-The District Fair Buildings Destroyed by Fire-Brandy and Croton Oil vs. a Chinaman.

SUSANVILLE, Sept. 30, 1883. Ed. Gazette:—The long continued hot, dusty and dry weather has at last succumbed to a fine rain, which commenced last evening about sundown and continued at intervals during the night, and still continues. Enough has already fallen to extinguish the fires in the mountains, or at least enough to stop their further progress. Large tracts of timber land have been burned over. Many of these fires are attributed to the sheep owners, who, at this season of the year, leave for the lower valleys, and are said to burn over their ranges—making them better the coming season.

Last night about 6:30 o'clock the Fair buildings, situated a mile and a half east of town, were seen to be on fire. These buildings consist of a house and a long string of shed stables. To the east about a quarter of a mile from the house was the grand stand, a large, substantial frame building. The fire was plainly the work of an incendiary, as the house was seen to be on fire first, and then the grand stand. No one was stopping at the place at the time of the fire. Tracks were found that indicate possibly that Chinamen are the guilty parties. The property belonged to E. V. Spencer, Esq., who is away attending the Fair at Quincy. The property is worth about \$3,000 and it is reported to be insured in a Boston company for from \$1,000 to \$3,000.

A prominent hotel here has a Chinaman to do the chamber work of the house. A boarder in the house had a bottle of fine brandy in his room, which mysteriously disappeared, as if some imbibing spirit haunted the room. A brilliant idea struck that boarder. He would try the effect of Croton oil on a spirit—and he did. When the Chinaman went to that chamber to do the necessary work, he soon found out that he had pressing business down stairs, and the diligence with which that business was attended to was distressing to the olfactory nerves of the boarders. For a day or two after there were slight hopes that the Chinaman might die, but he has, nevertheless, recovered and attends to business in its regular order, no doubt thinking, "Melican man's brandy no good—cheap bellyache."

FAMILY TROUBLES.

Alvaro Evans Prays that a Guardian be Appointed Over the Person and Estate of His Brother, Allan B. Evans.

Several prominent Renolites left Sunday and yesterday for Susanville, as witnesses in a case to come up in the Superior Court of Lassen county, to-morrow. Last week Alvaro Evans appeared before Judge Hendricks of the Superior Court, of that county and made affidavit that he believed his brother, Allan B. Evans, the owner of and now living on a ranch in Long Valley, was of unsound mind and that his mental and physical condition is such as to render him unfit to manage his own business, and prays that a guardian be appointed over his person and estate. Alvaro, J. N. and Pierce Evans and Dr. Bergstein left here yesterday, and Judge King this morning, as witnesses and counsel for Alvaro Evans, and R. H. Lindsay and Doctors Dawson and Waggoner left Sunday. On Sept. 22, Allan B. Evans sold his Long Valley ranch and stock to Hon. John M. Rhodes of Woodland, Cal., for \$28,000. This step has been taken to stop the sale, on the ground that the Evans believe that Allan is about to be wronged and defrauded out of the money he is to receive for the property, by Mrs. Evans, the wife of Allan. The family have had trouble of a personal nature, for a year or two past, and much bitter feeling exists on both sides. Allan is very indignant to think his brothers should attempt to put a guardian over him, while the other brothers maintain that they are doing it for his own good. The case will likely occupy several days.

Roll of Honor.

The following is the roll of honor of Bishop Whitaker's School for Girls for the month ending September 28th: Abby Mason 97.4, Isabel Harris 97.3, Cora Jones 97.2, Agnes Rowland 97, Cora Manning 97, Lottie Lucas 97, Maud Boardman 97.

In the Department of Music: Kittie Grippen, Cora Manning, Flora McKay, Carrie Melly, Lalla Harris, Emily Longabaugh, Hattie Rowland.

Short Vacation.

There was recess at Bishop Whitaker's School for Girls today, owing to a leak in the boiler, which occurred about 8 o'clock this morning, too late to have it repaired before school hours. The necessary repairs have been made, however, and the school will open as usual to-morrow.

Silver Mountain.

Charley Williams, who came in from Silver Mountain yesterday, reports about 30 men at work at the mine and mill, but that operations will be suspended during the winter, on account of the great fall of snow at that elevation.

Watermelon.

Doc Bowman has been getting in a large stock of watermelons, but the change in the weather makes it difficult to dispose of them. Chamberlain of the Depot Hotel was looking through the markets this morning, and entered Bowman & Co.'s. Doc immediately entered upon the task of negotiating a sale for his melons. Chamberlain was quite indignant to think that anyone would try to sell him melons such a morning as this, but Bowman was persistent, and finally offered the melons for five cents apiece. Chamberlain told Doc that he did not want them, but would give him ten cents if he would eat one. Doc said, "Give me the money; it goes," and taking the cheese knife he split a large one in two, preparatory to eating the ten cents. After munching away until it was half gone, he concluded that he wanted to knock around on this dusty ball a while longer, and gave up in disgust. He will probably thaw out by to-morrow and be a well as ever.

The Coombs Murder Case.

District Attorney Alexander closed his argument for the prosecution in the Coombs case last night at 9 o'clock. This morning Hon. Wm. Woodburn took the floor and made an argumentative, dispassionate plea for Coombs. Woodburn closed at noon and was followed by General Kittrell, who talked until about 4 o'clock. He made a powerful plea for the prisoner, and closed with a peroration which brought tears to the eyes of his listeners and visibly affecting several members of the jury. He has worked hard for his client, and if Coombs is not acquitted it is no fault of Kittrell's. General R. M. Clarke had just commenced his argument as the GAZETTE goes to press.

Big Sale.

It is said in Truckee that the Boca Mill Company have sold their property to the Sierra Nevada Wood & Lumber Company (Robert, Marlette & Co.). The price asked has been \$150,000, but the exact figures are not stated. The sale includes the saw mill and ice house at Boca, all the land, water rights, etc., of the company. Robert & Marlette own about 70,000 acres of the best timber land in the mountains, on Little Truckee and Prosser creek, and around Independence and Webber lakes. They will put up a big mill to cut 100,000 feet per day, and run a railroad back to bring in logs. There will be 2,000,000,000 feet of lumber to find its outlet at Boca. It will build up as big a town there as Truckee. Boca's day has come at last.

Humboldt Items.

The Winnemucca Silver State of the 1st contains the following:

John Hill of the Humboldt Meadows raised, over 200 tons of grain, 60 tons of potatoes, besides a large quantity of hay.

Bernice district is reported lively, but on account of a scarcity of water, the mill is running only on half time. Still it has a bar of bullion ready for every stage.

Horse thieves are active in the northern part of the county, 52 head having been recently stolen from the ranch of Jerry Harnes, near Fort McDermitt, the thieves taking an easterly direction.

Long Train.

Conductor Phillips hooked the "48" onto 110 cars at Port Costa last week and made a successful run to Lathrop. Fifty of them were set out at Tracy. There is said to have been no longer train on the coast pulled with one engine.

Fees For September.

For the month of September the following amounts, as fees, were paid into the treasury of this county: Sheriff, \$110 15; Recorder, \$103 75; Clerk, \$252 80.

The First Snow.

It began to snow at the summit a quarter before eight o'clock yesterday morning and by nine o'clock 4 inches had fallen. It was the first of the season.

A Good Sample.

Alta is raising both fruit and vegetables remarkably well. Mr. Barward shows a potato weighing five pounds raised there.

PENSIONS TO ALL

soldiers and sailors who were disabled by wounds, disease, accident or otherwise, the loss of a toe, piler, varicose veins, chronic diarrhoea, rupture, loss of sight, (or partially so), loss of hearing, falling back of meninges, rheumatism, any disability, no matter how slight, gives you a pension. New and Honorable Discharges, obituary notices, children, mothers and fathers of soldiers dying in the service or afterwards, from disease contracted or wound received while in the service, are entitled to pension. Rejected and abandoned claims a specialty. Bounty, Back Pay and Horse Claims Collected.

INCREASE YOUR PENSION. A pension can be increased at any time when the disability warrants it. As you grow older the wound has gradually undermined the constitution, the disease has made you more helpless. In some manner the disability has increased; so apply for an increase at once.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

Mr. Simon Blanchard, a well-known citizen of Haystack, Mendocino county, Kentucky, says: "My wife had been sick for a long time, and her constitution was all broken down and she was unable to work. She was advised to use BROWN'S IRON BITTERS, and found it to work like a charm. We would not now be without it for any consideration, as we consider it the best tonic in the world."

BROWN'S IRON BITTERS is not a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.
